LibriVox is a unique platform, where you can rather download free audiobooks. The audiobooks are read by volunteers from all over the world and are free to listen on your mobile device, iPODs, computers and can be even burnt into a CD. The collections also include classic literature and books that are obsolete.

Interfacing Programming And Hardware

Microprocessor is a program-controlled device, which fetches the instructions from memory, decodes and executes the instructions. Most Micro Processor are single- chip devices. Microprocessor is a backbone of computer system. which is called CPU Microprocessor speed depends on the processing speed depends on DATA BUS WIDTH.
