Personal autonomy, the private sphere and criminal law ...

The private sphere is a certain sector of societal life in which an individual enjoys a degree of authority, unhampered by interventions from governmental or

Read Book Personal Autonomy The Private Sphere And

other institutions. Examples of the private sphere are family and home. In public-sphere theory, on the bourgeois model, the private sphere is that domain of one's life in which one works for oneself. In that domain, people work, exchange goods, and maintain their families; it is therefore, in that sense, separate from the rest of society.

A Private Sphere

Autonomy is usually understood by feminist writers in the same way that it is understood within moral psychology generally, namely, as self-government or self-direction: being autonomous is acting on motives, reasons, or values that are one's own. Early feminist literature regarded the notion of
