Suffering Insanity: Psychoanalytic Essays on Psychosis by ...

Suffering Insanity makes a powerful argument for considering care in the psychiatric services as a whole system that includes staff as well as patients; all need attention and understanding in order to deliver care in as humane a way as possible. All those working in the psychiatric services, both in large and small agencies and institutions, will appreciate that closer examination of the actual psychology and interrelations of staff, as well as patients, is essential and urgent.
