Chile was the first major Latin American nation to carry out a complete neoliberal transformation. Its policies—encouraging foreign investment, privatizing public sector companies and services, lowering trade barriers, reducing the size of the state, and embracing the market as a regulator of both the economy and society—produced an economic boom that some have hailed as a “miracle” to ...

The "Miracle of Chile" was a term used by economist Milton Friedman to describe the reorientation of the Chilean economy in the 1980s and the effects of the economic policies applied by a large group of Chilean economists who collectively came to be known as the Chicago Boys, having studied at the University of Chicago where Friedman taught. He said the "Chilean economy did very well, but more ...
